

## TEACHER QUESTIONNAIRE REFLECTION

Name \_\_\_\_\_

Grade \_\_\_\_\_

The goal of our student questionnaires is to provide student feedback to help teachers discern areas of strength and growth in their teaching. To that end, please complete the following reflection which you will be collected by Hlompho Letsie and Makate Maieane at the end of the day.

We are asking teachers to perform a self-evaluation first to help determine if our own perceptions of how things are going in the classroom match what students perceive. Thank you.

1. ***Please indicate which three questions you think are your areas of strength. Please rate yourself.***

Questionnaire Item	My rating
Are you a good instructor	
Are you able to attend to the needs of all your students?	
Do you have a passion for teaching?	

2. ***Please indicate which three questions you think are areas of growth. Please rate yourself.***

Questionnaire Item	My rating
Are you happy with your student's level of development	
What support structures do you need to improve students' performances?	
Do you think your classes are fun and interactive for all students?	

3. In which areas did your view of your teaching match your students' perception? Based on these observations which areas do you feel need more improvement?

4. In what areas are you most effective as a teacher? What makes you successful in those areas?

5. Do you think your students understand the value of reading? What steps do you plan to take to help them and how can the school help you?

**6. Please rate your class management and preparation skills below:**

Questionnaire Item	My rating
Do you apply your own style to the teaching aids you are given?	
Do you incorporate learning and innovation in your preparation as a teacher	
Do you read literature for pleasure	
Do you think the curriculum is good enough to address the social needs of your students?	
Do you set goals for yourself as a teacher?	
Do you offer students additional explanations and examples related to their everyday lives in order to improve their understanding of the subject matter	

**7. INSTRUCTION/CURRICULUM**

Do you encourage your students to engage in discussions and how often do you do this?

Do you use art as a teaching device?

Do you encourage your students to think for themselves? How?

**8. MOTIVATION**

Do you encourage your students to ask questions?

Are you available to your students outside of the classroom to coach them?

Are you enthusiastic about teaching?

What steps do you take to assist children with learning difficulties?
